PROFILE

Hello! I'm Tatenda Muchapararwa. I am passionate about Web Designing and the development of softwares. I am a skilled **back-end and front-end developer** and master of graphic design tools such as Photoshop and Sketch. I am a fast learner and a team worker that gets the job well done. I usually do coding as a hobby so I have danced around so many programming languages.

Key competency: Well Presented, Very good communication skills, Able to work under pressure with no or minimum supervision
